Subject: FW: Clarification and questions before I send info to you

This is the only email requesting more detail. I spoke to Alicia on the phone Thursday or Friday to explain the exact information we are requesting. She called back later and I summarized that conversation in an email to you on the 13th.

Alicia

Thanks for the prompt reply to my information request. I would like more detail about the brand names and components of the raw materials. If you have any problem obtaining those, let me know and I will request them directly from the manufacturer. Thanks again.

Hi Alicia

I appreciate your efforts to send the requested information. Please send what you have tomorrow and follow up with the remainder by the 6th. Thanks.

Hi. We are working with our IT group to find records before our system change over in 2013. This is proving to take more time than we anticipated. Therefore, we are requesting an extension through Friday, November 6---if possible. Sorry! We have new employees and the manager who is out on short term disability. I am pulling out all the stops and hope to send things your way tomorrow. But, just in case I do not get what I need from our archives, it would be helpful to have a couple of extra days.

Thank you,

Alicia

Hi Mark. Hope you are well.

I would like to speak with you in order to clarify a few things before I send the info over to you. When is the best time to speak with you?

Cordially,

Alicia
